FOR GEN NORSTAD. FROM JCS.

CINCEUR, his component commanders, and USCOB have taken certain military actions pointed largely towards Berlin and generally in accordance with policy that they will be visible to Soviet intelligence but not cause public alarm. As results of Secretary Dulles visit to Europe, and of later political and military discussions on subject of both Berlin and Germany as a whole are there any military actions you feel we should take here to strengthen your US forces. We would also appreciate any comments on your progress with French and British in line with your comments to us on your visit here.
